### HOW TO MEASURE FOR SHOES:

Measure your doll's foot from heel to toe. Add 5mm to the length of the bare foot to determine the correct size of the shoe.

### HOW TO MEASURE FOR A WIG:

Wrap a cloth measuring tape around the circumference of your doll's head. Go behind the ears, around the back to the other side and across the forehead (see illustration). Measurement must be in inches.

### HOW TO MEASURE FOR EYES:

To measure the diameter of your doll's eyes, use a ruler to measure from one corner to the other corner as illustrated. The eye socket should be measured
